SCAN ME

Expanding digital estate

Traditional SOC Challenges

Sophistication of threats

High volume of noisy alerts

IT deployment & maintenance

Rising infrastructure costs and upfront investment

Too many disconnected products

Lack of automation

Security skills in short supply

Security
Operations Team
Cloud + Artificial Intelligence

Introducing Microsoft Azure Sentinel

Cloud-native SIEM for intelligent security analytics for your entire enterprise

Limitless cloud speed and scale

Bring your **Office 365 data for Free**

Easy integration with your **existing tools**

Faster threat protection with **AI by your side**

Microsoft Security Advantage

$1B annual investment in cybersecurity

3500+ global security experts

Trillions of diverse signals for unparalleled intelligence

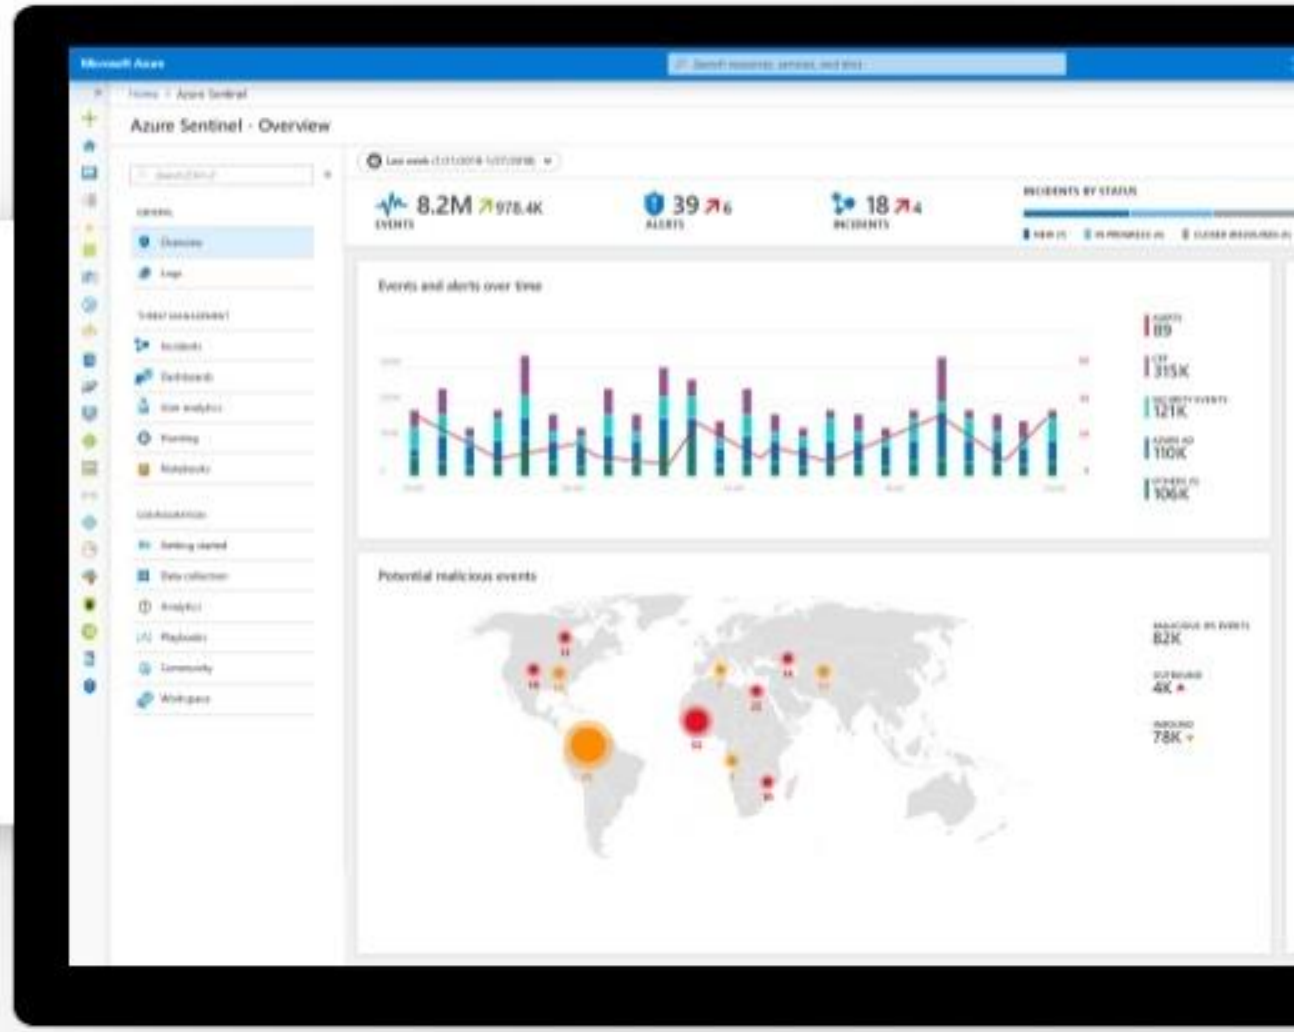
Limitless cloud speed and scale

Focus on security, unburden SecOps from IT tasks

No infrastructure setup or maintenance

SIEM Service available in **Azure portal**

Scale automatically, put no limits
to compute or storage resources



Reduce security and IT costs

No infrastructure costs or upfront commitment

Only **pay for what you use**

Bring your **Office 365 Data for free**

Cloud-native, scalable SIEM

Integrate with existing tools and data sources

Collect security data at cloud scale from all sources across your enterprise

Pre-wired integration with Microsoft solutions

Connectors for many partner solutions

Standard log format support for all sources

Proven log platform with **more than 10 petabytes** of daily ingestion

Optimize for your needs

Bring your own insights, machine learning models, and threat intelligence

Tap into our **security community** to build on detections, threat intelligence, and response automation.
